

## About Placement

The College has an Information and Placement Bureau (IPB), functioning since 2001. The IPB caters to the needs of students in respect of their placement by inviting companies, MNCs/ Corporate and arranging on-campus recruitments for them; and also acquainting them about the emerging job trends globally. The bureau provides all technical facilities for presentations, written test, online test, group discussion and interviews to the recruiters. This Cell also coordinates various other activities related to personality development aspects like arranging technical talk of eminent managers from corporate and eminent professors from reputed institutes, arranging student-debates on current issues, presentations by students themselves on the subject of their interest. The bureau also invites, from time to time, professionals to the institute to deliberate as to how to prepare for the various competitive examinations like MBA, GATE, RAS, IAS etc. and helps students in selecting a good institute for further studies for a good career.

A team of Professors from various departments of the college manages the state of affairs of Placement Bureau, right from inviting the Companies to the institute and providing them with good of hospitality during their stay with the Institute. Student volunteers also contribute immensely whenever Bureau organizes any event which inculcates in them, a sense of responsibility towards their institute. The Bureau has a large air-conditioned presentation room equipped with LCD, a well furnished air-conditioned interview room, staff –office equipped with phone and internet connectivity, and a waiting room for students.

Companies desirous to organize campus recruitment drive for our students are requested to write to us, on following address, furnishing the details such as proposed date, profile of the company and Annual Pay-Package etc.:
